

We are a supported employment agency, which means that we:

- ▶ Help people with disabilities, chronic illnesses, or mental health conditions gain support and empowerment.
- ▶ Help navigate the Access To Work process.
- ▶ Find the best support for our clients.
- ▶ Empower and inspire clients to reach their full potential.

We are here to help and support our clients throughout their journey. We simplify and streamline the process, making it uncomplicated and as stress-free as possible.

This is something we are very passionate about!

What is Access To Work?

The DWP created Access To Work to help disabled people start a new job, stay in work or move to self-employment.

Access To Work can help provide:

- ▶ Funding for practical help
- ▶ Specialist equipment
- ▶ Support workers
- ▶ Help with travel expenses

We help by being the link between you and Access To Work; we will fill in the forms, handle the phone calls, and help you find the right support worker for you and your business.

Why use us?

We offer an enhanced service, with dedicated and experienced staff on hand to help you throughout the process, making it much easier than applying as an individual.

- ▶ Free advertising for your business (posts on our social media channels and a blog post focused on your business)
- ▶ Training opportunities
- ▶ Employed support workers who are multiskilled and continuously trained to make sure you receive the best possible support
- ▶ Dedicated staff available to help and administer any changes in support, or any concerns or queries
- ▶ The opportunity to join our support group on Facebook, where you can network with other clients
- ▶ Dedicated staff to help with client welfare
